Background

The Professionals for Reform Support Mechanism (PRSM) provides human resource support – from managers to technical experts - to critical reform initiatives undertaken by national governmental agencies. PRSM is a multi-donor platform, which improves coordination of donor efforts for greater impact and avoids overlap of donor funding. It does not support routine work of the Government of Ukraine that is normally managed by the civil service. To do this, PRSM:

- **Selects initiatives** based on clearly defined links to reform initiatives
- Ensures transparent **recruitment** of human resources
- Manages the **contracting** and payment of human resources
- Provides financial **reports** for donors
- **Monitors** initiatives for results.
