EXPERT IN ADMINISTRATIVE SERVICES PROVISION

**FOR THE ADMINISTRATIVE SERVICE REFORM OFFICE UNDER THE MINISTRY OF ECONOMIC DEVELOPMENT
AND TRADE OF UKRAINE (MEDT)**

ToR Date of Issuance:	May 21, 2018
Due Date for Applications:	June 1, 2018

PRSM is committed to providing equal employment opportunity without regard to race, color, religion, gender, sexual orientation, national or ethnic origin, age, disability or status as a veteran with respect to policies, programs, and activities.

Background

The Professionals for Reform Support Mechanism (PRSM) provides human resource support – from managers to technical experts – to critical reform initiatives undertaken by national governmental agencies. PRSM is a multi-donor platform which improves coordination of donor efforts for greater impact and avoids overlap of donor funding. It does not support routine work of the Government of Ukraine that is normally managed by the civil service. To do this, PRSM:

- **Selects initiatives** based on clearly defined links to reform initiatives;
- Ensures transparent **recruitment** of human resources;
- Manages the **contracting** and payment of human resources;
- Provides financial **reports** for donors;
- **Monitors** initiatives for results.

Reform Initiative

The administrative services reform is owned by the Ministry of Economic Development and Trade of Ukraine (MEDT) and sponsored by the EDGE (Expert Deployment for Governance and Economic Growth Project – responsive initiative designed to resolve some of the most pressing issues in governance reform and development in Ukraine) to deliver on Strategy 2020 focus on decentralization and public administration.

The MEDT and the EDGE had agreed to establish an Administrative Services Reform Office (ASO) that acts as an independent donor-funded non-government office with mandate from the MEDT to coordinate and support the administrative services reform and cover three sectors:

- Administrative services and procedures;
- Administrative Services Centers (ASCs);
- E-services.

The ASO has the task from the MEDT to re-engineer most popular administrative services. Administrative procedures and approaches in providing such services are inefficient, not transparent, not client oriented and impose excessive administrative burden for citizens and businesses.
